Crypto Putt

Game objective will be to putt the golf ball into the hole.

Background
The game will have the ball land on the putting green, Player will use mobile device to get the ball on the putting green then attempt to putt the ball into the hole. If it is a par 3 (3 tries) then the putt will get 1 shot to reach par. But it may take more attempts - then the score will go negative.

Objective is to have ball hit into the hole with the fewest re-attempts.
